## CAREER OBJECTIVE

A full stack developer seeking for an opportunity and enthusiastic to convert it into game changing opportunity.

## WORK EXPERIENCE

**Full Stack Developer • Internship**  
Pantech.ai, Virtual

Oct 2024 - Present

1.This internship provided me an opportunity to learn a lot to be a successive full stack developer. 2.During this internship, I created projects like "movie-zone" , "To do list" using "CRUD" operation, "Food-basket" fetching a dummy API data. These all projects helped me a lot to built my own project "expensesTracker" that keep tracks of expenses of users.

## EDUCATION

**Bachelor of Technology (B.Tech), Computer Science & Engineering**  
Deen Dayal Upadhyaya Gorakhpur University, Gorakhpur  
CGPA: 7.95/10

2021 - 2025

**Senior Secondary (XII), CBSE**  
Don Bosco Senior Secondary School Gorakhpur  
Percentage: 79.80%

2020

**Secondary (X), CBSE**  
Lagna Devi Tarakant School  
Percentage: 83.80%

2018

## TRAININGS / CERTIFICATIONS

**3D Animation**  
Feb 2024 - Apr 2024  
Madhav Production, Virtual  
I have completed my 3D animation course at intermediate level and have created some you tube like videos .

**Data Science , Web Development**  
Jun 2023 - Aug 2023  
Internshala Trainings, Virtual  
My training regarding these course have been completed.

## PORTFOLIO

[GitHub link ↗](#)

## PROJECTS

**[Expenses Tracker Website ↗](#)**  
Oct 2024 - Present

I have built this project(myExpenses) using "MERN Stack" and the best feature of this project is that it performs "CRUD" operation.
